### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 1, line 20 added ~~be~~ between "should minimized",

On page 8, line 6, deleted the first occurrence of "the",

On page 8, line 18, changed "at" to ~~as~~,

On page 16, line 15, changed "bock" to ~~block~~.

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach a method of controlling a boiler having a primary heat exchanger including a step of increasing the heat output of the boiler beyond what is required to meet the heat load and provide some of the heated water to fluid steam when it would otherwise fall below a minimum incoming temperature.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
